

Mastercard® European Privileges Portfolio 2020

Introduction

The Mastercard European Privileges Portfolio provides a range of merchant offers available to Mastercard cardholders, split into two key areas of growth. The portfolio brings **upgrades, discounts, benefits** and **experiences** across multiple card products and markets, available throughout the year:

Travel Offers

Divided into several categories, including hotels, car rental and destination shopping, these offers can be leveraged to engage international affluent travellers. They can be promoted in cross border campaigns within key travel corridors especially during seasonal travel periods to drive spend and card preference.

Ecommerce Offers

With the growth of online shopping, there is an opportunity to capitalise on driving ecommerce transactions and creating card 'stickiness' through card-on-file campaigns. Several ecommerce offers have now been sourced to support these objectives and will continue to be a new focus for the European Privileges Programme.
